

# Local Elections 2009, a big thank you!

The recent council elections were a great success for the People before Profit Alliance. Five Councillors were elected in three different county councils in Dublin. I want to thank everybody who voted for me in June, and thank those who sent me good wishes before and after the count.

None of this would have been possible, if it wasn't for the great work done by the people who knocked on endless doors in Clondalkin. As a Revolutionary Socialist I will be extremely proud to represent the working people of Clondalkin in the county council. I will try my utmost best to champion the causes of social justice for this community in my five years.

Never has there been a better time in Ireland for a Revolutionary voice in or outside the council. What we are witnessing, is an all out war against working class people to pay for the greed of Fianna Fail and its Golden circles bankers. In the coming months, by getting on to the streets we can put it up to the Government that we won't pay for their greed.

Generations will ask, what did this generation do to stop the economical madness of NAMA.

Hopefully this generation will say, WE STOPPED IT! In Solidarity, Cllr Gino Kenny.

## Council Updates

### Bottle Banks

Before the election, a few people approached me about Bottle bank facilities in the North Clondalkin area. I have met with the council, and they have agreed that such facilities are needed in the North Clondalkin area.

The most obvious choices are Neilstown / Rowlagh shops. The bottle bank facility is badly needed in the area, as there is only one such facility in North Clondalkin.

### Foxdene Estate

As people have noticed, mounds of soil have been left abandoned next to the wall that lies adjacent to the new outer ring road in Foxdene Estate. This is unacceptable for the residents of the area.

I have put down a motion to the local area committee of Clondalkin/ Lucan Councillors stating, that, the SDCC remove the building material which has been left near the wall. The Council has said that it's in an ongoing dispute with the contractors to clean up the site in question. Hopefully in the near future, the situation will be resolved and local residents can use the space for a public amenity.
